

Summary: Alleged Conflict of Interest by a DOI Grant Official Unfounded

Report Date: May 10, 2018

Report Number: 17-0926

The OIG investigated an allegation that a DOI grant official had a conflict of interest because she owned a consulting company that assisted people in obtaining grants.

We found no evidence of a conflict of interest. The official's consulting company had no revenue, clients, or employees; the official only intended to consult on non-Federal grants; and the official disclosed her company on her required annual financial disclosure form.

This is a summary of an investigative report that we issued to DOI's Director of the Office of Acquisition and Property Management.
