

Summary: Lessee Inaccurately Reported its Oil Production to the BIA Osage Agency

Report Date: March 3, 2026

Report Number: 24-0054

The OIG investigated allegations that McCann Resources, Inc. (McCann Resources), which operated mineral leases of the Osage Mineral Estate, failed to accurately report its oil production and sales under its leases to the Bureau of Indian Affairs (BIA) Osage Agency as required by Federal regulations.

We substantiated the allegation that McCann Resources submitted inaccurate oil production amounts to the BIA Osage Agency. We were unable to determine, however, the reason for the inaccurate reporting or whether the owner of the company knowingly submitted the inaccurate information. We did not substantiate the allegation that McCann Resources improperly reported its oil sales.

This is a summary of an investigative report we issued to the BIA Director.
